

CLUSTER: ELECTRONICA

EVENT : TECHWIZ

ROUND 1 : IDEATE

"No great discovery was ever made without a bold guess and no bold guess was ever made without curiosity"

Have you ever wondered why all the stuff around you are as they are and not otherwise? Have you ever asked yourself why something happens the way it does and not otherwise? If so, then this is your cup of tea. After all, everything happens for a reason - SCIENCE. Be part of an event designed to test your ability to decipher the science behind everything....

- *Questions will be based on video clips and pictures.*

ROUND 2: SNAKE AND LADDER

"For every snake, there is a ladder; for every ladder, a snake"

Using a life sized Snakes and Ladders game field, participants will be able to play Snakes and Ladders as the pieces on the board. Whenever they reach a snake or ladder on the board, they will be asked to answer a technical question. The team which has progressed the furthest is declared the winner at the game ends. When a team lands on a snake, the team whose turn comes after them are allowed to choose the questions for the current team from a group of unseen questions. If the current team answers correctly, they are not penalized. If on ladder, they will choose their own questions from a group of unseen questions and similarly, the correct answers will allow them to take the ladder up.

Ready to climb some ladders and dodge some venomous snakes???

ROUND 3: CIRCUITRIX

"Ideas are like legs! What good are they if you can't run with them !!"

Bored of theoretical stuff? Wish to get engrossed in the mystery of the electrical domain? CIRCUITRIX is the right platform for you to showcase your electrical skills and to prove your technical expertise. Crack the clues, design the circuit by forming puzzle using those clues and construct the circuit with provided components before you run out of time....

Learn. Fun .Quiz. Repeat.
