

CLUSTER:ELECTRONICA

EVENT:ELECTRO-FORTIS

ROUND 1 : “ELECTRANCE”

It consists of 20 questions about mcq junks of general ideas and basics of electronics.

ROUND 2 : “CIRCUIT-O-CRITE”

PHASE 1 : The circuit is a hypothetical bomb.A scenario will be given along with the blueprint of the circuit.The objective of the round is to find all the short wires and cut them,which will break the circuit and imply that the bomb has been diffused.

PHASE 2 : In this the person who saw the circuit diagram will be guiding the other team member to give the replica of the circuit.

REQUIREMENT:PROJECTOR

ROUND 3 : “SHERSHOCK OHM’s”

Find the objects or names with similar characteristics and group them together after which there will be questions on the detected group

REQUIREMENT:PROJECTOR

ROUND 4 : “BOB THE BUILDER”

In this round the problem statement will be in the form of story which will contain a number of fill in the blanks.The answer to each blank in the story will be some component that the team will be using to make the circuit.

TEAM MEMBERS :

KOKILA.K - 217004057

RAGHUWANTHI.K - 217004082

S.SUJITHA – 217004102

T.AARTHI – 217004007

S.SUBHASHREE - 217004101
